

“A Fork in the Road: Two Paths for the Future of My Country”

A commentary

By a soul

(6/22/16)

Earlier this evening, I was praying silently to myself while taking the bus home from work. I thought about a message that I read on **Prophet John Leary’s** website (<http://www.johnleary.com>) and was reflecting particularly upon certain words that I included in a blog post last night on *MaryRefugeOfHolyLove*:

Tuesday, May 24, 2016

JESUS said: “...*If your Presidential elections are blocked by an artificial emergency for martial law, then your President would assume dictatorial powers over your Constitutional rights. This would be treason against your country, but it would give the one world people the takeover to put you into the North American Union. Americans need to overthrow any such martial law, or you will lose all of your freedoms. You may even have a revolt in your streets over such a blatant grab for power...*”

And as I reflected upon Jesus’ words about my fellow countrymen needing to overthrow any such martial law/treason if this were to occur, I asked Jesus in prayer, *how can this be? When I have read in other messages through Prophet John Leary that You (Jesus) do not want us to hurt other people and to not use guns?*

Then, my guardian angel reminded me of a message that the Blessed Mother gave through **Locutions To the World**. On January 29, 2012, the Blessed Mother gave the example of two models of how to overthrow a dictator. The first model was satan’s strategy, as witnessed in the Middle East and many places around the world—a model filled with violence and suffering.

The second model was that of the Philippines and how the dictator Marcos were overthrown in a non-violent way without any bloodshed, by means of intense prayer and prayer-filled protest marches, etc. The second model was God’s preferred strategy. And in the same message, the Blessed Mother said that every solution to the world’s many problems lie in Her Immaculate Heart.

And so, I immediately understood, that if it comes to a point where there is a power-grab by President Obama and he tries to cancel the upcoming presidential elections by martial law, there is a non-violent way that he can be overthrown if we turn with confidence to Heaven and invoke Our Lady through Her Immaculate Heart. My country does not have to fall into violence and chaos and anarchy. There is a better alternative path.

Then, when I got home after taking the bus, I ate dinner. Then, I went to my computer to read and post the new message for today from **Holy Love Ministry** (<http://www.holylove.org>) to the blog, *MaryRefugeOfHolyLove*. I was struck by this prophecy given:

June 22, 2016

MARY, Refuge of Holy Love, says:

“...In this country, your next president will put in place more than one Supreme Court Justice. These decisions and the opinions of these newly-appointed Justices will determine the future of your nation. It will either be morally liberal and decadent, choosing a path away from God, or it will be morally sound and secure in God’s Will. Those who choose God’s Will have an open door to His Provision and His Protection...”

And when I read this prophecy given, I recalled another message that I read last night on Prophet John Leary’s website. I recalled these recent words:

Thursday, June 9, 2016

JESUS said: “My Blessed Mother has told you with her many messages, that if enough people prayed, you could stop abortion and many other evils of your world...”

And upon reading these words, it gave me a lot of hope. It is because, normally, in the messages that Jesus gives to Prophet John Leary, He discusses much of God’s Divine Justice. Jesus talks about chastising America for the sin of abortion and other evils, by allowing the one world people to overthrow my country’s form of government as part of their plan to bring about the reign of the antichrist. The messages are pretty sobering, yet, in this particular (and most recent) message to Prophet John Leary, Jesus speaks of His continuing Divine Mercy. Both Jesus and the Blessed Mother hold out the possibility that my country’s path can still be changed and that, perhaps, the U.S.A. still has a better future ahead. I was comforted and reassured by both these heavenly words.

Now, people reading this commentary may be asking themselves, how I can believe in both sets of messages, as one set seemingly talks about the loss of freedoms in America and around the world, hiding out in refuges throughout the Great Tribulation, and a terrible reign under the antichrist, etc.; while the other set of messages, talks about the Blessed Mother’s Immaculate Heart being the Refuge for all people and makes it seem like things will be alright in the U.S., with no mention of things discussed by Jesus to Prophet John Leary?

One may ask, how can both sets of prophecies be right? How do I, a soul, reconcile them?

Well, as I have mentioned before, when I read and discern heavenly messages, I do not read them for prophecy. I discern them based on higher Truths. I read them for heavenly wisdom and to follow God's Divine Will. Prophecy is a secondary matter for me of far lesser importance.

Since January (2016), the Holy Spirit has been leading me to reflect upon several truths for a special writing, which I hope to finish in the next few months. Tentatively, I have titled this special commentary, *"Understanding the Divine Will, free-will, and prophecy in the Divine Plan,"* and I ask for prayers, as I continue my work in the spirit. Meanwhile, I will try to explain a little bit from my reflections, so people can understand a little bit on how to reconcile different prophecies. *I hope this is helpful!*

In my recent special commentary, **"The Divine Plan and New Jerusalem"** (<https://maryrefugeofholyllove.com/the-divine-plan-and-new-jerusalem/>), I wrote these words:

*"...As revealed in **Locutions To The World**, in the Mind of the Godhead, the Heavenly Father always has foremost in His thoughts the Perfection of His Divine Plan as if Adam and Eve had never fallen. Yet, on earth, it is witnessed the reality of the Original Fall and the passage of time in which each of His children struggles for salvation and holiness every present moment until the appointed time of their death.*

At every present moment on earth, God the Father is weaving a huge tapestry of His Divine Plan for His human family through grace. Every person and their life choices are woven into this great tapestry and through the interactions of individual free-will with heavenly grace, God the Father seeks the perfection of His Original Divine Plan.

Anytime an individual's free-will thwarts heavenly grace, God the Father seeks the next best alternative in each present moment for that person so that the great tapestry of the Divine Plan continues to be woven. The more a person surrenders to the Divine Will, the better the outcome in the great tapestry, for it will be the "best design" for that individual and the entire human family..."

I included the above words to illustrate a point. We, mankind, view history and the future of the world far differently than the Heavenly Father. Let me explain.

We, mankind, live in a "linear" existence. Everything is one straight line. We live in "time" where actions progress linearly—one point at a time—present moment following present moment, etc.

We think linear and we act linearly.

The Heavenly Father does not view the earthly world in a linear manner. Only the past is linear, because time has passed and history has been settled, but the future to the Heavenly Father is multi-faceted—

When the Heavenly Father views the world and its future, He looks through the “lens” of His Original Divine Plan, as if Adam and Eve had never fallen. Then, in each present moment, He sees the future and all the possible deviations from His Original Divine Plan. These deviations are known as sin. And accordingly, He adjusts His dealings with mankind so that the objective for Creation is always maintained for the Glory of God.

Thus, prophecy given today can and will be changed and mitigated according to prayer, grace, and free-will. Thus, the prophecies given to Prophet John Leary, messages through Holy Love Ministry, and yes, even the Book of Truth (Maria Divine Mercy) and yes, even the Book of Revelation (Holy Scripture), can be changed and mitigated—all in accordance of God’s Divine Will and for His Greater Glory.

The more we confirm ourselves to the Divine Will, the better the future for all mankind.

And, as I maintained in my recent blog commentary, **“99 Years of Severe Consequences By Not Following The Request of Our Lady of Fatima – 35 Years of Our Lady of Medjugorje”**

(<https://maryrefugeofholyllove.com/2016/06/13/99-years-of-severe-consequences-by-not-following-the-request-of-our-lady-of-fatima-35-years-of-our-lady-of-medjugorje/>), mankind could have entered the Era of Peace (and the Second Coming of Jesus Christ) a longtime ago if we had only heeded the requests of Our Lady of Fatima in 1917. The coming of the antichrist was not inevitable, etc., in 1917 to happen at a later date. Unfortunately, we did not follow Our Lady and the world has progressed much too much down this darker fallen path. The antichrist now lives in today’s world, but the future can still be changed and mitigated.

Finally, I know that there are many people who use the test of prophecy to see if a heavenly message is true or not... However, prophecy really should not be used that way, for the reasons I just mentioned about how the Heavenly Father views the world, its future and His Divine Plan. The Heavenly Father provides prophecy so the future can be changed and mitigated for the better. Prophecy given before the time of Jesus Christ (Old Testament) is very different from today’s use of prophecy. People do not realize this heavenly truth.

The message of March 18, 2012 given by Our Lady in Locutions To The World speaks of this divine reality regarding human history, and consequently, the use of prophecy.

It has to do with the Divine Will, which I will speak more of when I eventually finish my special writing on *“Understanding the Divine Will, free-will, and prophecy in the Divine Plan.”* However, I have included both the messages of March 18, 2012 and August 5, 2015 from Locutions To The World for readers to further read and reflect upon in prayer for personal growth.

In the meantime, I do believe that we need to pray a lot for the U.S.A., because much of the better future for mankind rests upon what takes place in my country, especially, at this critical juncture. My country is at a fork in the road with two possible paths before it. I hope all readers will left up America in their prayers so that the Divine Plan is fulfilled for the Greater Glory of God.

I conclude now with the words of the Blessed Mother in today's Holy Love message.
God bless!

“Do not form your opinions around what is popular and pleasing to man. To do so, places man above God. Place the Will of God first and foremost in your heart and form your opinions around His Will.”

“I have brought to you the way to accomplish this through Holy Love. You, My children, must allow it to take root in your hearts. Then your opinions can influence the heart of the world to live in the Truth.”

“The Middle East and the Philippines”

MARY

I begin with words of greeting that lie on the surface of my heart. Then I lead you into the deeper thoughts and finally into my sorrows which lie at the center of my heart. Do not sorrows always occupy the center of a mother's heart? Can she forget the children, who lived for nine months, so close to that heart? So, today, I speak from the deepest recesses of my heart. I speak words that are filled with sorrow.

Satan's Strategy

*The difficulties in the world will not abate. The fires will not cool down. They are just beginning and there is so much fuel to feed them. Satan uses human suffering. The burdened hearts of people are easily used for his purposes. **People do not realize that Satan uses desires to be free of suffering as the door to greater sufferings. This is happening all over the Middle East. People who suffer are open to his voice. They are not able to discern. He gets those in power and those who are protesting into a battle of mutual destruction.***

Everything is distorted. Those who should protect the people, kill them. Some would say that this is the pain of birth. I say that it is not birth but death and chaos that will result. Do you

think that this will be limited to the Middle East? Are there not large numbers of people who suffer in all parts of the world. Satan targets these people as his agents because they believe that they have little to lose. After he has used them, he quickly throws them away and empowers others who continue his works of destruction. Look at Egypt. Those who sparked the uprising are set aside because he now uses the army and the Muslim Brotherhood.

The Philippines

When will people learn? **There are solutions to worldwide problems but they lie in my Immaculate Heart. But what people turn to me and invoke me?** Look at the Philippines! They invoked me and I ridded them of their dictator without any bloodshed. Contrast the two, the Philippines and the Middle East and you will see two, quite different models. Dictators can be removed without plunging a nation into a furnace of suffering.

Comment: Mary wants dictators overturned but not in Satan's manner.

“A Powerful Stream of “Yes”

MARY

There is a powerful stream, filled with every blessing which flows in the very center of human history. This stream also flows in the center of every human heart. This stream exists for every person in the whole world. The stream is so powerful that once the person yields to it, it will carry the person along and keep them safe. It is the saving stream. This is the stream of God's will which I will explain by easy to understand images.

Some people think that God's will is just words, like commandments or warnings given by parents to their children. Really, God's will is a power, a force that is irresistible if only the person consents and says “yes”. That is all God needs, O reader, your permission.

A Flow of Images

I will continue with my images. All the world was created by the power flowing from God's will. All creation was united to God by the power of this will. Then came forth a new word, a strange word, a word never heard before. Mankind said “No” to God's will and sin entered the world. God's powerful stream with all of its healing powers, with all of its powers to bless man, no longer was at the center of human creation or even at the center of each human heart. “No” had replaced “Yes”. Rebellion had replaced obedience, and, unfortunately, curses had replaced blessings. So, for centuries the human race was cursed and earth became a place of suffering and sorrow, a valley of tears.

A “Yes”

Then, I gave birth to Jesus, who always was a “Yes” to God’s will, even to his death on the cross. A new stream of God’s will began to flow and I was its first recipient. It flowed in the middle of my heart and, later, in the hearts of the believers. However, it did not flow, as it formerly did, in the center of human history because the world rejected him (even Israel rejected him).

Today’s Situation

This is the way it is today. This powerful stream of God’s will flows within some people and not within others. Also, this stream is not flowing in the center of human history because many cultures reject it. But a time will come, when the heavenly Father will give all of mankind another moment, another opportunity that this powerful stream will once again flow in the center of human history. Obviously, the gift can only be given with extraordinary signs and divine powers, but this will take place (more quickly than many realize).

A Personal Gift

The following, however, is my teaching. Even before these extraordinary events, the Father will pour out this powerful, life-giving stream from my Immaculate Heart. This stream will bestow unimaginable blessings upon all who open their hearts to receive. Most important, no one has to wait for that future, extraordinary event. That is what I reveal today. This stream already exists and anyone who wants that stream to flow in the center of their heart need only seek it in my Immaculate Heart. So, come into my heart in your prayers and your desires. If you come, I will promise to teach you how to open your heart to this powerful stream of Gods’ will.

“What Legacy Will Be Passed On?”

MARY

Why the delay? Why do my armies not take to the fields? Why are the forces of good not sent forth? As always, good and evil contend very day. The battle goes back and forth. This has always happened in human history.

Sometimes, great triumphs come forth like at Lepanto. At other times, there are huge failures, like the two world wars. After these events, history moves in a quite different direction, good or bad.

These coming years are also a turning point. They will be filled with events which forever leave their mark. Will these years be a triumph for good or for evil? So much hangs in the balance.

The triumph of good or of evil is not inevitable, as if written into history before it unfolds. God has placed the story of history into man's hands. Mankind chooses, both for himself and for others. By his choices, others are blessed or cursed, lifted up or thrown down. One generation leaves a legacy (good or evil) to the next. These are the decisions that mold history.

Now listen carefully to my words. These coming years will be years of the greatest battles. Nothing is decided, as yet. Everyone living on earth, the important and the seemingly unimportant people, will all decide the future of the world. When this time is over, the issues will be settled and the legacy of war or peace, blessings or curses, will be passed on to others.

The burning question is, "What will be passed on?" What will the world look like? Those decisions are made now, today, in your very midst and before your eyes. Wake up! You must bless the world today. You must fashion human history by your prayers and sacrifices. My armies do not go forth because my children do not understand. What will I do? I must speak with a greater voice and with more powerful words, which give the clearest direction.

Jesus said: "My people, I have told you about your President's plans, and the one world people's goal of declaring martial law, so they could take over America. Your President wants martial law so he can cancel your Presidential election. Your President has just made some changes with his latest Executive Order that would give him more power over your civilian population for total control. **If your Presidential elections are blocked by an artificial emergency for martial law, then your President would assume dictatorial powers over your Constitutional rights. This would be treason against your country, but it would give the one world people the takeover to put you into the North American Union. Americans need to overthrow any such martial law, or you will lose all of your freedoms. You may even have a revolt in your streets over such a blatant grab for power.** If martial law is declared, My faithful will need to come to My refuges for their protection from the men in black who want to kill you. Trust in My protection because My power is greater than the demons and the one world people."

Jesus said: "My people, if you could only see how powerful your prayers are for helping sinners and the souls in purgatory, you would be praying a lot more hours than you do now. I cannot emphasize this prayer power more because your world is in great need of more prayers. I have to depend on My prayer warriors every day because the evil is choking many souls who give into sin of their own free will. This is why I told you to make up any rosaries that you missed on the next day. **My Blessed Mother has told you with her many messages, that if**

enough people prayed, you could stop abortion and many other evils of your world. So remember to pray daily for all sinners and all the souls in purgatory.

Our Lady comes as Mary, Refuge of Holy Love. She says:

“Praise be to Jesus.”

“Today, I invite you to see that what you hold in your hearts is expressed in your opinions. These opinions are important in God’s Eyes and determine your eternal reward. In choosing a political candidate, you need to take into account their views on abortion and same-sex marriage. Support of these issues is not of God.”

“In this country, your next president will put in place more than one Supreme Court Justice. These decisions and the opinions of these newly-appointed Justices will determine the future of your nation. It will either be morally liberal and decadent, choosing a path away from God, or it will be morally sound and secure in God’s Will. Those who choose God’s Will have an open door to His Provision and His Protection.”

“Do not form your opinions around what is popular and pleasing to man. To do so, places man above God. Place the Will of God first and foremost in your heart and form your opinions around His Will.”

“I have brought to you the way to accomplish this through Holy Love. You, My children, must allow it to take root in your hearts. Then your opinions can influence the heart of the world to live in the Truth.”
